Brian Dunnigan

A multifarious designer.

Over 12 years experience bringing projects to life by translating customer needs into functional art. A Swiss Army knife of design and production, I help bridge the gaps between client/consumer, functional/technical, and employee/leadership.

EXPERIENCE

Team Lead & Lead Designer
University of Connecticut
2012 - PRESENT

UI, UX, product, and website design, Wordpress theme development, overseeing the university's mobile apps, leading a team responsible for design, support, and IT accessibility. Nurturing growth in both teammates and students, and presenting to clients and leadership.

Co-Founder / Principal
Hawthorn Watch Co.
2017 - PRESENT

A self-initiated project inspired by my watchmaking grandfather. Watch design, web design, brand creation, marketing, sales, fulfillment. You name it, I've done it.

Adjunct Professor
School of Fine Arts, UConn
SPRING 2013

Taught fine arts students the fundamentals of website design, as well as HTML/CSS. Students gained the skills and knowledge to create fully functioning websites.

Broadcast Graphic Designer
Meredith
JANUARY 2010 - SEPTEMBER 2011

Created on-air graphics for a daily national women's lifestyle TV show, available in over 150 markets. Responsible for daily animations, promotions, giveaways, print design, branding & web designs.

Co Founder / Designer
iPathy Software
2010 - 2014

Mobile application design and development with a focus on health care and emergency room wait times. We created the first ER wait time app for the iPhone.

Designer
UConn Design Center
JANUARY 2008 - MAY 2009

Student run design studio that tackled various real world clients and challenges. Work included both print and web design for several departments at UConn, as well as outside businesses.

2D Animator
Eyeball
JUNE - AUGUST 2008

Designed and animated projects for VH1, Country Music Television, McDonalds, WGBH, Suddenlink, AT&T, P.Diddy, Hulk Hogan and Walmart.
